SUSTAINABLE SOLUTIONS

 **DOJO**

Collection

The art of matcha is as much about ritual as it is about flavor. The Dojo collection is designed to honor that tradition while making it practical for modern service. Crafted from sustainable bamboo, each scoop, spoon, and whisk gives staff the precision and control needed to create a consistently smooth, vibrant cup. Beyond beverages, the collection extends to natural bamboo leaves that add authenticity and elegance to plated presentations, turning small bites into experiences that reflect care and craft. With Dojo, every detail, from whisking to plating, feels intentional, balancing heritage with efficiency.

Tools of Precision

Bamboo whisks, scoops, and spoons designed to achieve a flawless matcha every time

Natural Accents

Fresh bamboo leaves create striking, eco-friendly presentations for appetizers or desserts

Sustainable Craft

Made from renewable bamboo, combining durability with environmentally conscious sourcing
