GASTRO SCIENCE

Gastro Science is a plating and finishing line for modernist kitchens, cocktail bars, and dessert programs.

Plated Dessert Finishing

Sauce and coulis land exactly where the chef wants them at the pass, one plate at a time.

Cocktail and Drink Service

A bitters or syrup dose measures the same in every glass through a full bar shift.

Tasting Menus and Interactive Courses

The guest finishes the dish at the table, which turns the last step into part of the service.
