## Green Hero Certification

The Green Hero Certification is an easy-to-use guide for finding products that meet sustainability goals from material substrate to end-of-life. It aims to promote and recognize products that adhere to the highest standards of compostability and sustainability. By upholding specific criteria related to material composition, composting standards, and environmental impact, we ensure that certified products support a circular economy and reduce their ecological footprint.

This certification is designed for a range of products, prioritizing those that can significantly contribute to organic waste composting efforts. Certifications matter; look for the Green Hero, CMA, BPI, and TUV product logos on our site.

## The Customization Process:

### 1. Contact Us

Email our customization team at [custom@restaurantware.com](mailto:custom@restaurantware.com). Provide product details and any artwork you have in mind (logo, slogan) in EPS, AI, or PDF format at 300 dpi. Don't worry if you don't have a design; our in-house designers can bring your ideas to life.

### 2. Digital Sample Approval

Our in-house design team crafts a high-resolution digital sample within 1 to 5 days. Review and provide feedback. We offer unlimited revisions and will work with you until you are completely satisfied.

### 3. Sign Our Contract

Once you approve the digital sample, we provide a contract for your review and a 50% deposit requirement. With your sign-off, we will finalize your artwork.

### 4. Final Print-Ready Proof Approval

Review the final print-ready proof for accuracy and ensure it meets your expectations. Once approved, your order goes into production.

### 5. Production Begins

Congratulations! Your product is now in production. Reach out if you have any questions throughout the production process.
